EDUCATION

Comsats University **02 2019 – 07 2023**
Bachelor of Computer Science - CGPA - 3.01 *Sahiwal, Pakistan*

College Name **02 2017 – 01 2019**
FSC - Marks - 70% *Vehari, Pakistan*

RELEVANT SKILLS / COURSEWORK

- Web Development
- React.js, Next.js, SvelteKit
- Node.js, Express.js
- API Development / Integration
- Responsive Design / CSS Frameworks
- Cloud Services (AWS, Supabase)
- E-commerce Platforms (Shopify)

EXPERIENCE

Devline Solutions **01 2024 – Present**
Software Engineer (Full Stack Developer) *Lahore, Pakistan*

- Designed and implemented seamless user interfaces and robust backend systems following the MVC architecture, enhancing system maintainability by 30%.
- Developed RESTful APIs using Next.js, Express, and Node.js, achieving a 25% reduction in response time and improving scalability for high-traffic applications.
- Delivered high-quality web solutions, adhering to industry best practices, which increased client satisfaction ratings by 20%.
- Spearheaded the development of dynamic user interfaces using React.js and Next.js, resulting in a 15% increase in user engagement.

Kryptominds Pvt Limited **08 2023 – 12 2023**
Associate Software Engineer (React/Next.js) *Lahore, Pakistan*

- Built dynamic and responsive user interfaces using React.js and Next.js, leading to a 20% improvement in application load times.
- Developed reusable components and optimized code structure, reducing development time for new features by 25%.
- Collaborated with Agile teams to deliver user-centric solutions, improving overall project delivery speed by 15%.
- Integrated APIs to enhance application functionality, increasing platform reliability by 10%.

Punjab Information Technology Board **08 2022 – 12 2022**
Frontend Developer (Intern) *Lahore, Pakistan*

- Gained hands-on experience in web development, utilizing HTML, CSS, JavaScript, and React.js to deliver responsive and visually appealing user interfaces.
- Assisted in debugging and optimizing web applications, improving efficiency and reducing bugs by 15%.
- Strengthened foundational skills through practical implementation of industry best practices, ensuring long-term quality in web solutions.

PROJECTS

Shopify App Development | MERN, Remix, Liquid **11 2024**

- Executed a Shopify app leveraging Shopify App Development tools, incorporating a MERN stack backend to provide merchants with efficient product management capabilities.
- Enabled the creation of dynamic comparison tables for individual products, empowering merchants to manage pricing and feature comparisons with ease.
- Applied Liquid for crafting custom extensions, ensuring seamless alignment with Shopify's ecosystem. Presented a scalable and intuitive solution tailored for modern e-commerce requirements.

AutoGM | MERN, QuickBooks, NASTA API **09 2024**

- Designed and executed AutoGM, a robust MERN stack application streamlining vehicle auction processes.

- Blended NASTA API for VIN validation, AWS for automated image extraction, and OpenAI for formatting JSON data, ensuring accuracy and efficiency.
- Incorporated QuickBooks for seamless invoice management, enabling precise financial tracking and reporting.

Aylormade CRM | Next.js, Material UI, TypeScript, Tailwind CSS, Supabase **04 2024**

- Applied Next.js 14, TypeScript, MUI, and Tailwind CSS to design responsive and visually appealing interfaces for a comprehensive CRM system.
- Enhanced user experience by optimizing front-end and back-end functionalities, incorporating modern APIs, and improving data management workflows.
- Delivered monthly employee reports and streamlined essential operational features to improve efficiency.

Voice AI | SvelteKit.js, Tailwind CSS, Supabase, VAPI **05 2024**

- Engineered responsive, user-friendly interfaces using SvelteKit and TypeScript, adhering to advanced front-end practices.
- Introduced a Voice AI solution to replace traditional call center systems, employing VAPI for a seamless interactive assistant experience.

Nohesi.gg | SvelteKit.js, Tailwind CSS **01 2024**

- Incorporated SvelteKit and TypeScript to create visually engaging and responsive web applications.
- Collaborated with teams to merge modern web technologies and optimize the user experience.

IMS | Next.js, Material UI **10 2023**

- Contributed to the development of in-house management software for employee data management.
- Improved system functionality by creating and incorporating additional components and features.
- Presented monthly employee reports, advancing data management processes.

Kryptomind ChatBot | Next.js, Material UI, Socket.IO **08 2023**

- Spearheaded the creation of a dynamic chatbot leveraging Next.js and Material-UI for an engaging user interface.
- Integrated real-time messaging with Socket.IO, supporting text, voice, and video communication.

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript

Front-End Development: ReactJS, NextJS, Svelte, SvelteKit, Tailwind CSS, SCSS, Material UI

Back-End Development: NodeJS, ExpressJS, MongoDB, PostgreSQL, Supabase, RESTful APIs, MVC Architecture

Version Control: Git, GitHub, GitLab
